

INSTRUMENT DONATION

*You can make a difference
for an aspiring musician
and a growing music program!*

Can you put a price on excellence?

Maintaining the high standards of excellence we've set for ourselves requires a huge investment of time, energy, and money. We're committed to providing the best facilities, training, and equipment for the more than 400 performers who proudly carry the banner of **Viking Strong!**. The Mt. Hebron High School Music Program has a history of musical excellence, which we continue to build upon each day. However, recent cuts in funding for the arts, coupled with an increased enrollment and an aging inventory of equipment and instruments, requires us to ask for help.

What is the Instrument Donation Program?

The instrument Donation Program allows individuals to donate funds directly to a specific need within the program. The immediate instrument, equipment, and storage needs of the Band Program are listed below. We are looking for individuals, families, or companies who would be interested in donating funds to help us continue to provide the highest quality education for our students. You may send in a donation in any amount by using the attached form or use our online donations page (www.mthebronmusic.org/online-store.html). We will acknowledge your donation in each of our concert programs throughout the year.

Is my donation tax deductible?

The Mt. Hebron High School Department of Music is a part of the Howard County Public School System, a designated government unit with a federal tax identification number of 52-6000968. All donations are tax-deductible to the fullest extent of the law.

Are there other ways that I can help the program grow?

Please visit our website at www.mthebronmusic.org for additional fundraising opportunities, concert dates, alumni news, and special event information.
