Successful individuals do not give up…
they get up every morning and get to work.

REALLY? YOU COULDN'T PRACTICE?
TELL ME MORE.

MT. HEBRON BAND & MARCHING UNIT

Practice

PRACTICE… Ya gotta do it!
This is your daily homework for band.

30 Minutes - Daily
(This is a minimum!)

Quality over Quantity
We DO NOT use Practice Charts!

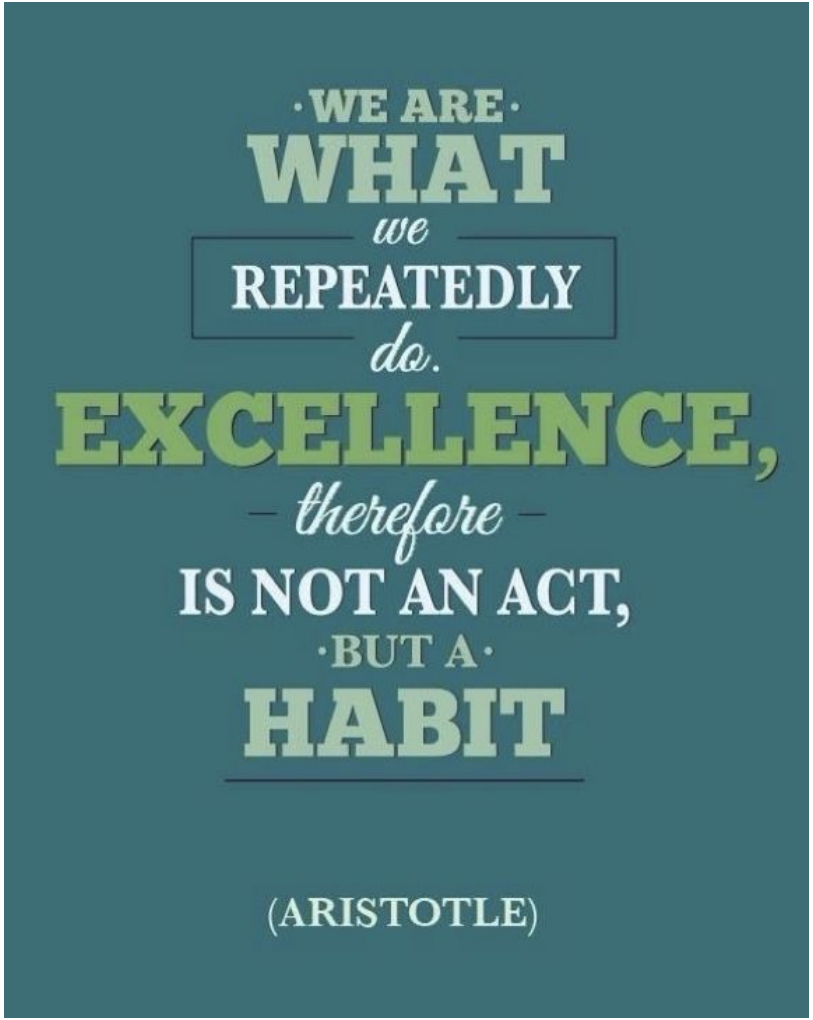
We DO assess students in class and via recordings on material that should be learned at home.

MT. HEBRON BAND & MARCHING UNIT

Practice

Someone who practices correctly
for one year
will become a better player,
than someone who practices incorrectly
for five years.

Practice only on days YOU EAT



We all do
the same things.

It's how
we do them
that makes the difference.

A SHORT HISTORY

Marching Band first appeared at Mt. Hebron in **1972** under the direction of William Beachy. The uniforms consisted of black pants, white shirts, hand-sewn gold sashes, augmented by a lot of used instruments. The unit was in desperate need of real Marching Uniforms and many instruments for an expanding unit.

MT. HEBRON BAND & MARCHING UNIT

A SHORT HISTORY

Well, the parents and community responded and the first Viking Backers was created in large part to support the purchase of new uniforms and the continued growth of the marching band.

Fast forward to November 3, **1989**, the Mt. Hebron Marching Unit Boosters, Inc. was **incorporated** as a Non Profit Organization in the State of Maryland for the purpose, mission and charter as written in the “Articles of Incorporation”

MT. HEBRON BAND & MARCHING UNIT

A SHORT HISTORY

By-Laws were developed and the Mt. Hebron Music Boosters were off and running.

Today, the cost to operate a first-class Band Program and Marching Unit is $ 50,000 to $ 60,000 per year.

The goal of the Music Boosters is to raise at least 50% of the operating cost.
