# SPRING CONCERT

---

**"Love and Light"** is a spiritual and holistic phrase that conveys positive energy, well wishes, and compassion toward others. It symbolizes a desire for peace, kindness, and guidance. The phrase is based on the belief that love is a creative, universal force and that light is wisdom; together, they can brighten and lead through darkness.

# Mt. Hebron Music

The **Department of Music** has a long history of musical excellence and artistry since the school opened in 1965. The department serves over 500 students through both performance-based and non-performance-based classes. Included in the curriculum are two concert bands, a percussion ensemble, a jazz ensemble, a jazz combo, three choirs, and two orchestras, as well as classes in piano, guitar, music theory, and music technology. In addition to the curricular classes, various co-curricular ensembles and musical experiences are offered.

A commitment to professional performance standards guides the Music Program. Its atmosphere challenges students to realize their full potential and provides musical and intellectual stimulation to foster growth.

## Howard County Parents for School Music (HCPSM)

Howard County Parents for School Music (HCPSM) is a grassroots advocacy group that formed in the winter of 1993 in response to issues surrounding the school system budget and its implications for the music program. HCPSM, consisting of parents, teachers, community members, concerned citizens, and business representatives, showed its support for the music education program then and continues to do so today. HCPSM strives to promote high-quality music education programs in all Howard County schools through:

**Advocacy:** Budget engagement, Board of Education testimony, policy awareness

**Visibility & Engagement:** Website content, social media updates, sharing information and opportunities

**Honoring & Recognition:** Music Educator of the Year, teacher appreciation, program recognition

**Access & Opportunity:** Equity, access to instruments/programs, removing participation barriers
